

Lock-Locker Certification Program™

Have Confidence in Your Lock and Locker Selections!

This Seal Signifies a locker manufacturer's participation in the Lock-Locker Certification Program.™

We are dedicated to providing you with a problem free solution.

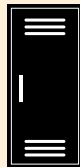

Compatibility & Quality Program

Master Lock Company

and

Locker Manufacturers

Working together in our commitment to quality.

We understand that the compatibility between lock and locker must be seamless. This is especially important when purchasing each product from a different source.

When choosing a lock and locker combination for your installation, choose the products that have been tested, precision matched, and certified to work together.

Master Lock has developed an ongoing engineering collaborative and testing program, designed to help ensure the locker purchaser receives a high quality, seamless, locker locking solution.

Program Elements

- ✓ **Annual Compatibility Review**
Verification testing and design review by engineers ensuring compatibility between locks and lockers.
- ✓ **Periodic Production Spot Checks**
Locker manufacturers performs periodic operation compatibility testing of locks on actual locker orders.
- ✓ **New Product Validation**
Ensures that new lock and locker products work as intended before introduction, providing seamless locker locking.
- ✓ **Annual Design Conference**
Master Lock and locker engineers meet to support, collaborate, and assist in continuous improvements.

Locker Manufacturer Participation in this program means the participating Locker Manufacturer has agreed to conduct specific testing and to work in collaboration with Master Lock regarding their lock-locker solution. It does not guarantee specific security or durability standards. Locker purchasers should conduct their own evaluation of lock-locker solutions prior to purchase to ensure the selected lock-locker solution meets their specific needs.

Participating Lock-Locker Certification Program Locker Manufacturers

The following list of locker manufacturers have committed to specific compatibility testing in collaboration with Master Lock to ensure their products install and operate seamlessly with all Master Lock products.
